OM SHAKTI SUTAR

omshaktisutar@gmail.com | +91 9861604853 | Bangalore | **Github** | **Linkedin**

SUMMARY

Passionate Software Developer with a strong interest in building reliable and user-focused applications. Dedicated to understanding problems deeply and delivering practical solutions. Known for a disciplined work approach, adaptability, and attention to detail. Eager to grow in a professional environment while contributing meaningfully to team goals.

EDUCATION

MCA (Master in Computer Application)

Maharaja Sri Ram Chandra Bhanja Deo University | March,2023 – April 2025

B.Sc (Mathematics)

Utkal University **|** April,2019 – June,2022

SKILLS

- **Languages & Frameworks:** Java, Python, JavaScript, HTML, CSS, React.js, Bootstrap, Tailwind, Spring Boot, Node.js

- **Databases:** SQL, PostgreSQL, MongoDB

- **APIs & Tools:** RESTful APIs, Git, GitHub

PROJECTS

1. Online Bus Ticket Booking System (BUSGO)

The "BUSGO" is a comprehensive software solution designed to automate the bus ticket booking process for passengers and streamline the management of bus operations for service providers. This project aims to create a web-based platform that allows users to search for available buses, check schedules, and make secure online payments**.**

2. E-Library Management System

The E-Library Management System is a digital platform designed to manage and access electronic books efficiently. It enables users to read books online and download required materials through a centralized system. The project simplifies book management, reduces manual effort, and improves accessibility to digital resources. It focuses on providing a user-friendly experience for modern online learning environments.

EXPERIENCE & CERTIFICATIONS

- **Fresher/Entery Level Software Developer**

- **Java Programming Certification** – Udemy (2025)

- **Technology Job Simulation** – Deloitte Australia (2025)

- **Full Stack Web Development Bootcamp** – Dr.Angela Yu ,Udemy (2025)

- **C programming Certification** – SimpliLern (2025)

- **Python Programming Bootcamp** – Dr Angela Yu,Udemy (2026)

- **Java With Spring Boot & React** – Udemy (2026)
